The vine

Plot /climat Pierrefittes and Jouères.

History Pierrefittes : It is believed that on this land there may have stood a dolmen or "Pierre fichée" (an upright stone). Jouères : The name originates from the old French word "jouelles" meaning the crossbars placed between the stakes and used for tying the vine.

Soil Pierrefittes : light coloured stone, reverberating sunlight, with an underlayer of clay. Jouères : shallow clay and limestone on a hard substratum

Our plot(s) 81a 19ca and 28a 55ca planted in 1962, 1969, 1984 and 1986.

The wine

100% Pinot Noir from handpicked grapes; raised in oak casks.

Taste The wines originating from both sectors are blended together at the end of the maturing stage in casks giving a harmonious combination, slightly dominated by the denser tones of the Pierrefittes wine.

Serving temperature 15/16°C. It is recommended to decante recent vintages so as to enhance the aroma.

The vintage

At last ! Following several vintages hit by serious hailstorms (2012,13,14) 2015 started with mild, dull but early march faire conditions. Several dry and sunny periods and rainfalls at the right time accompanied paced the development of vegetation ; hot summer, the grapes were ripe and sound by the 1st of september for a great harvest. The wines are dark and shiny in coulour with very fine aromas of red fruit slightly candied. The taste is intense and of an exceptional finesse.
