The vine

Plot / climat Clos des Mouches (total surface area 25ha 18a).

History In medieval French, « les mouches » meant bees. The south east facing slope takes a lot of sun that attract flowers and bees.

Soil Clay and limestone, stony and well drained.

Our plot(s) 58a35ca and 15a03ca planted in 1958, 1968 and 1986 at an altitude of 250/300m.

The wine

100% Pinot Noir from handpicked grapes; raised in oak casks.

Taste The grapes from the two different altitudes balance to give a round and elegant wine with an aroma of ripe red berries, full-bodied and velvety on the palate.

Serving temperature 15/16°C. It is recommended to decant recent vintages so as to enhance the aroma.

The vintage

The mild Winter meant that vegetation growth started early; we began debudding mid-April and with fine sunny weather the vine developed and flourished gradually in good conditions. The Summer was very dry which accelerated the maturing process with a lower yield but a high aromatic concentration for the Pinot Noir grape; for the Chardonnay however, the conditions were satisfactory for both growth and maturity. The grape harvest commenced on 20 August. The red wines are deep, bright in colour, they reflect red fruit together with full and elegant tannins.
