

Domaine Berthelemot

GRANDS VINS DE BOURGOGNE

CHAMBOLLE-MUSIGNY

2022

Domaine Berthelemot is a family business based in Meursault and cultivating 15 hectares in the Côte de Beaune area (Meursault, Puligny-Montrachet, Pommard, Beaune...). Our pledge is to produce wines revealing the true quality characteristics of the land and take care to protect the environment. Our wines are certified "organic" from vintage 2021.

The vine

Plot /climat Les Chardannes, Les Combottes, Les Bas Doix

History Les Chardannes comes from thistles which must have been prolific at some time ; Combottes - from "petite combe" - signifies a small valley; Doix originates from old French for a little watercourse thus keeping this plot well drained.

Soil The Chardannes soil cover is clay and fairly deep; for the Bas Doix the soil cover is shallow and stony.

Our plot(s) 8a51ca, 2a47ca and 4a70ca planted in 1967, 1992 and 1996.

The wine

100% Pinot Noir from handpicked grapes and raised in oak casks.

Taste A crisp fruit aroma is first detected on the nose together with some fine, wild fruit notes; the fullness in the mouth, some delicate toasted flavours and good persistence reveal bring out all the elegance of this appellation.

Serving temperature 15/16°C. It is recommended to decante recent vintages so as to enhance the aroma.

The vintage

2022: a year of relief for winemakers. The first buds came out earlier in March due to the mild weather, and thankfully the spring frost from April 9 and 10 did not cause any damage to the buds. Spring was hot and dry, making 2022 wines what we would call a premature vintage. By the end of June, the lack of rain started to be a concern. This was shortly followed by heavy rain showers, which despite some localised hail, generated just about enough water for the rest of the summer. The heatwave put the vines under strain but the drought was less damaging than in 2020, which allowed us to harvest grapes in perfect condition. Sunshine also comes through the 2022 red vintage, with more delicate flavours than the 2020 Pinot noirs. The wines were made with little wilting on the grapes and an optimal phenolic maturation process. The phenolic composites and aromas are subtle and delicate, nurturing elegant red wines.
