The vine

Plot /climat Longbois

History A long plot of land formerly planted with trees.

Soil Clay and limestone, shallow and stony.

Our plot(s) 30a 54ca planted in 1987 at the altitude of 310m; just at the limit of the wood.

The wine

100% Chardonnay from handpicked grapes; vinified and raised in oak casks.

Taste It reveals the good character of the altitude of the plot, mineral and tangy with hints of citrus and other fresh fruit. This fruit driven wine will at its best after 2 to 4 years of aging.

Serving temperature 12/14°C. It is recommended to decant recent vintages so as to enhance the aroma.

The vintage

2023 - An year of plenitude. The 2023 spring weather was unsettled, with many storms that fortunately did not have damage on the vineyards. Thanks to a high rainfall in August, grapes were numerous and juicy. We feared that achieving perfect maturity would be a challenge because of the high volume of grapes, but the fruits finished ripening and the aromas concentrated extremely fast thanks to an unexpected heatwave that hit us at the beginning of September. It is also around that time that harvest started (on the 5th of September). Yeast did transform sugar into alcohol at a relatively slow pace, alcoholic fermentation finished in December. While tasting, we get a dominance of fruit driven aromas and a gourmet, elegant vintage. We note that 2023 is more refined than 2020 vintage for both reds and whites. What a blessed vintage!
